Presents

An Introduction to High Power Rocketry

7:00 p.m., September 4, 2018
Springer Cultural Center, 301 N. Randolph, Champaign

Here is your chance to get started in this fun and exciting hobby. This fall we will be devoting our September meeting to a workshop on high power rocketry. The **Introduction to High Power Rocketry** is open to anyone 16 years of age and older. The presentation is free. We will talk about, and answer questions on, what is involved in getting started with larger rockets and motors. If you've been flying model rockets for a while and are interested in moving up to something larger you should definitely come to this meeting!

Contact Jonathan at 217-359-8225 or by email at jsivier@illinois.edu or check our web site at <http://www.CIARocketry.org> for further information.
